### THE MAGIC OF WATERCOLOR

(July 1st-3rd)

Learn to blend color and water to create wonderful landscapes and seascapes. The class will use a variety of techniques to create interesting moods.

### EXPLORING COLLAGE ART

(July 15th-17th)

Bring your imagination and create various fantasy worlds. We will explore a variety of colors, papers, and paints to create fantastic images.

### DOTS & BLUE DOGS

(July 29th-31st)

This workshop is about recreating art by two famous artists. You will create large and exciting paintings using a different way of looking at the world. A fun and exciting time for all.

### SUN, STARS & THE MOON

(Aug. 12th-14th)

Create a variety of sun, stars and moon paintings. We will use gems, jewels and gold tape. Metallic paints will create fantastic paintings. Amazing artwork is the result.
